

ALVAS MARLAY DANCE FLOOR SPECIFICATIONS

PRODUCT DESCRIPTION

Alvas Marlay is a versatile, double-sided dance floor covering, utilized for permanent or semi-permanent installation. Both sides of this marley-type PVC vinyl flooring have a matte finish and a surface texture that is not too fast and not too slow.

Marlay is ideal for ballet, tap, jazz, contemporary, modern, hip hop and many other forms of dance. It is also ideal for multi-purpose use such as competitions, gigs, performances and displays.

SPECIFICATIONS

Weight: Approx 3.74 lbs per linear foot

Thickness: 0.080" (2.032 mm)

Full Roll Dimensions: 5' x 60' (Lengths will be longer than stated)

Color: Reversible Light Gray/Dark Gray

SUPPORT

When Marlay is used for dance, it is suitable for laying on a hard, smooth floor, but it is ideally paired (and recommended) with a sprung for floating subfloor. (Refer to Alvas Floating Subfloor on alvas.com)

INSTALLATION

Marlay has two installation options: Permanent or semi-permanent.

Permanent installation is done by hot-welding welding rods on the inner seams. Gaffers tape may also be applied to the perimeter. Alvas recommends hot-welding be done by a professional to avoid permanent damage to the floor.

Semi-permanent installation is done by applying tape down on the seams and perimeter. Alvas recommends using vinyl tape on the inner seams so the tape expands and contracts with the floor, while using gaffers cloth tape on the perimeter.

Nothing other than Alvas' flooring tape is acceptable for securing the Matlay to the surface without prior clearance from Alvas' personnel. See Matlay Stretching & Tape-Down Instructions.

CLEANING & MAINTENANCE

Cleaning and maintenance is simple. Refer to alvas.com/FAQ for Matlay/Marlay Cleaning Instructions.

STORAGE

Ensure Marlay is dry, clean of any foreign substances (such as grease, oil, dirt, etc) and all tape is removed before rolling it up for storage. Marlay should be rolled evenly and tightly, and then stored horizontally on an even, flat and smooth surface with no heavy objects on top of it. Alvas Matlay Core (or equivalent) must be used.

SPECIFICATION DISCLAIMER

Alvas Barres Floors Mirrors (“Alvas”) encourages customers to have all Alvas products professionally installed and maintained by an experienced and licensed contractor. Alvas provides product specifications for clients’ information and convenience only. Alvas cannot and does not make any representations, warranties or guarantees with respect to the specifications of Alvas products or the accuracy thereof.

If you believe that a particular product does not meet the specifications provided or are unsure, please contact Alvas immediately. Failure to do so may adversely affect your rights under Alvas’ claims and return policies.

Improper installation, care or maintenance of any barre, floor, mirror, or other Alvas product may invalidate the product’s warranty or guarantee, if any. Alvas reserves the right to deny customer claims made pursuant to any such warranty or guarantee if Alvas determines the damage or defect to the product is the result of improper installation, care, maintenance or use of the product.
